

APPLICATIONS INFORMATION SHEET

Belt section	A	
Length	3100	mm
Quantity per machine	4	
DriveR motor Type	Electric	
Power rating	22	kW
DriveR speed	1400	rpm
Pulley Diameter		
DriveR	105	mm
DriveN	160	mm
Shaft Separation (Cnom)	1295	mm

Description of Application:

The application is a vent fan for the paint room in an automotive factory. The fan is located outside the building. The belt typically operates 24 hours a day, 7 days a week.

The VOLTA Power Edge:

VOLTA Power V-Belts are manufactured to the tightest tolerances in the industry. There is no need to be concerned about purchasing belts from a specific production run to ensure close length tolerance. VOLTA Power belts are highly resistant to the presence of moisture, oils and dust and operate in a wide range of temperatures.
