

Volta now offers machined sprockets and pulleys in visual detectable BLUE for SuperDrive™ and DualDrive™ belts.

These are offered in addition to the standard white accessories for SuperDrive™ belts as well as the machined white and molded blue sprockets for the DualDrive™ belts.

All these accessories are

- Made of food compliant material
- Compatible with 40mm and 1.5" square bore shafts
- Have excellent chemical and abrasion resistance
- Light weight
- Improve noise reduction
- Easy to clean
